GitHub: github.com/meetpatelpc | LinkedIn: linkedin.com/in/meet-patel-938a16343

SUMMARY

Motivated Full Stack Developer skilled in building dynamic web applications using PHP, React.js, and MySQL. Adept at problem-solving, responsive design, and database optimization. Passionate about creating scalable solutions that enhance user experience and system reliability.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, PHP, Java, C++

Frontend: React.js, Responsive Web Design, Vite

Backend: PHP, MySQL

Concepts: OOP, Data Structures & Algorithms (DSA)

Tools: VS Code, Visual Studio, Git, GitHub

PROJECTS

Event Management System

PHP, MySQL

URL: meet-patel-event-management.gt.tc

- Developed an online event booking platform with robust room selection and flexible package workflows.
- Implemented secure user authentication controls alongside an intuitive administrative overview dashboard.

Library Management System

PHP, MySQL

- Built a dynamic web application containing operational user login validation and system tracking rules.
- Designed real-time book issue-return logging utilities coupled with interactive manager dashboards.

Portfolio Website

React.js, Vite

URL: portfolio-website-peach-zeta.vercel.app

- Created a high-speed modular portfolio page using Vite and modern component structures.
- Integrated localized dark/light theme switching, custom scroll animations, and an asynchronous contact handler.
